(4) The licensee shall be responsible to Government for all payments of instalment of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation.

(6) In case of default, the Amildar with the Deputy Commissioner's permission, or other officer appointed for the purpose by the Deputy Commissioner, will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter continues to tap the trees, he will be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per annum shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject, of course, to the levy by Government of tree-tax.

(8) The tapping of date trees is subject to the following conditions:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be overtapped or overworked.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him, which may die from overtapping or careless tapping either during the lease or within six months after its expiration. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*j*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(*k*) When the licensee makes default and his shop is resold, his rights to and claims on Government trees cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making or for agricultural or other purposes when they make use of the trees assigned for such purposes and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized in this behalf.

(13) Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorized by the rules, are strictly prohibited.

(14) The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the Schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-men to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy producing trees and for the drawing of toddy therefrom :—

1. Tree tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents;

(*b*) of toddy shop-keepers or renters in the Madras Presidency; and

(*c*) of tree-owners in coffee estates, hittals and kans in malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 28th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in the State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector, or, in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for date trees shall get the requisite spaces on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the

proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For all toddy-yielding trees, tree-tapping licenses shall be annual from the 1st July to the 30th June next irrespective of the time when the application for a tree-tapping license is made. For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days and pots may be attached to such marked trees during the eight days, immediately preceding the period to which they relate to take effect from the commencement of such period. Provided that no toddy shall be removed from the trees except during the currency of such license.

4. The party, who is declared, subject to confirmation of the sale as aforesaid, to be the purchaser, shall be required to deposit immediately 25 per cent on the amount of his bid, and, in default of such deposit, the occupancy right shall forthwith again be put up and sold.

5. If the proceeds of the sale which is eventually made be less than the price bid by such defaulting purchaser, the difference shall be recoverable from him by the Deputy Commissioner as an arrear of land revenue.

6. The full amount of the purchase money shall be paid by the purchaser before sun-set of the fifteenth day from that on which the auction takes place, or if the said fifteenth day be a Sunday or other authorized holiday, then before sun-set of the first office day after such fifteenth day.

7. In default of payment within the said period of the full amount of the purchase money, the deposit, after defraying thereout the expense of the sale, shall be forfeited to Government and occupancy right shall be re-sold, and the defaulting purchaser shall forfeit all claim to the occupancy right, or to any part of the sum for which it may be subsequently sold.

8. If the sale is not confirmed, the purchaser shall be entitled to receive back his deposit or his purchase money, as the case may be.

9. The purchaser shall, previously to entering upon occupation of the land, obtained the permission in writing of the Amildar or Deputy Amildar under Section 58 of the Land Revenue Code. Such permission will only be accorded on the purchaser's paying Local Fund Cess at the rate of one anna in the rupee on the amount of the purchase money. If the land is occupied without such permission being first obtained, the occupation will be liable to be treated as unauthorized under Section 59 of the Land Revenue Code.

10. The purchaser will have to pay the assessment of the land and Local Fund Cess thereon commencing with the year. Provided that, if without his own fault, he does not obtain possession of the land in due time to make use of it that year, he shall not be chargeable with the assessment and Local Fund Cess thereof till the next following year.

After clause 9 of condition XX applicable to arrack licenses, published in Notification No. 7493, dated 18th March 1912, insert the following as clause 10:—

NOTIFICATION.

NOTICE OF SALE OF EXCISE AND OPIUM PRIVILEGES.

No. 7493, *dated* 18*th March* 1912.

Notice is hereby given that the exclusive privilege of selling liquor, intoxicating drugs and opium in the several shops appointed for the purpose and published in the Schedule during the twelve months beginning 1st July 1912 and ending 30th June 1913, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose, on the dates and at the Taluk or Sub-Taluk Headquarters mentioned in the statement annexed, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

Condition of Auction Sale.

II. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit.

III. The shops will be put up to auction in the order in which they are notified in the Schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The reserve price placed by Government on the shops will not be published but the rentals and the consumption of the previous three years will be notified for the information of bidders.

Note 1.—The privilege of vending toddy in any Coffee Estate may be sold to the Planter for any fixed amount not less than Rs. 12 per shop per annum.

Note 2.—Toddy shops in alienated villages whose claims to the Excise revenue from toddy have been recognized or have not yet been settled, shall invariably be sold separately, and the amounts connected therewith shall be shown in the accounts under a distinct head.

IV. Every shop should, as a rule, be sold independently. Grouping should be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. No shops will be knocked down in the name of two or more persons unless they represent a duly recognized company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

VII. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages.

VIII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government on the advice of the Excise Commissioner for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

IX. In cases of dispute at the time of auction, the selling officer's decision shall be final; and if for any reason the highest bid is rejected, the next highest shall be taken or the shop resold at his discretion.

X. Tenders after auction shall not generally be accepted. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction later on. But the Deputy Commissioner has full discretion on this point.

XI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit* of half a month's rent (in addition to the deposit made under condition II) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under condition II will be forfeited and the shops will be put up again immediately to auction by the selling officer on the above conditions or otherwise disposed of by the Deputy Commissioner, and the defaulter will be debarred from bidding again for the same or for any other shop. In the case of a foreigner, however, the further deposit may be raised to one month's khist in addition to the deposit made under condition II unless the initial deposit equals or exceeds two months' rent.

XII. Persons to whom shops have been knocked down and who have made deposits as provided in conditions II and XI shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into the Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this condition, the excess will be refunded unless the purchaser is required to make a deposit (twice that sum) under condition XIII *infra*.

XIII. If, on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition XII *supra* or to get a surety, or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XIV. As soon as the sales are over, the sale-conducting officer shall forward a list of the successful bidders to the Amildar of the taluk concerned, who shall enquire into the solvency of, and record the amount of deposit or surety required from each purchaser. He should submit the list so prepared to the selling officer within five days of its receipt and the latter should submit the same with his remarks to the Deputy Commissioner for confirmation without delay.

XV. On the failure of any person to make deposit under condition XII or to comply with the requisition under condition XIII *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

XVI. Re-sales effected under condition XV will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

*Deposits may be in cash or other approved security.

XVII. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

XVIII. The deposit referred to in condition XII or condition XIII, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Amildar and the licensee so agree, it may be credited towards the last instalments of the khists payable by the latter.

XIX. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind.

General Conditions applicable to all Excise and Opium Licenses.

The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depots are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest. This prohibition does not extend to the wholesale supply by the manufacturers of special liquors or of rectified spirit to licensed vendors.

2. The limits within which sales under any Excise or Opium licenses may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, intoxicating drugs or opium outside those limits is prohibited except with the special permission of the Deputy Commissioner.

Note 1.—Successful bidders will be allowed to open their shops anywhere within the limits to be announced at the time of sale by the Deputy Commissioner or other officer authorized by him, subject to the approval of the particular site selected.

Note 2.—Successful bidders will be required to furnish the Inspector with boundary lists of particular sites selected by them within ten days from the date of sale.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communications between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in Municipalities or towns having a population of 5,000 and over, the shop premises shall have no doors except into the main street; no windows or other opening shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day and night and the shop shall not be used as a place of residence save by the vendor and his family or caretakers and the premises shall be kept clean and in a sanitary condition.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (Chemists and Druggists and Medical Practitioners excepted). The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavoring liquor is prohibited. But intoxicating drugs made from opium other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A signboard must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor or special liquors) the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within.

6. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and District Excise Officers are empowered to destroy such as are found unfit for consumption or use.

7. The sale or transport of liquor, intoxicating drugs or opium by persons below the age of sixteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. Lists of the names of all persons employed or proposed to be employed in depots or shops shall be recorded in the Taluk Cutcherry by the license-holder. The Amildar shall be competent to

forbid the sale of liquor, intoxicating drugs or opium by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M., except under special authority. In the Cities of Bangalore and Mysore and in the Kolar Gold Fields, sales after 9 P.M. will be allowed only in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Native soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Deputy Commissioners may order the transfer of depots and shops from one locality to another provided the distance is not more than two hundred yards, or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

14. The right is reserved to the Deputy Commissioner to grant "Occasional licenses" for the sale of liquor, intoxicating drugs and opium, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shop-keepers who usually supply the locality or to the representatives of the renter. Their period shall not exceed fifteen days and the fee to be paid therefor shall be fixed at the Deputy Commissioner's discretion unless he decides to sell the same by public auction.

15. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and the members of their families, or

(2) to any other person living in barracks;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(2) to Policemen, Excise Officers and Railway servants when on duty; or,

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police;

(2) child under 16 years of age;

(3) insane person; or

(4) person known or believed to be intoxicated.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Excise Commissioner's previous permission, which will only be given if the applicant is prepared to forfeit his deposit already made except in cases where the Excise Commissioner sees reason not to enforce the penalty. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any Excise or Opium License will be allowed, without the written permission of the Excise Commissioner to possess or continue to possess any interest direct or indirect in any Excise or Opium License outside the Territories of Mysore, or in the Civil and Military Station of Bangalore.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements must

be maintained therein. Shops not opened by 1st July shall be liable to be re-sold at the risk of the licensees.

19. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shop-keepers or firms of standing and respectability dealing in foreign and special liquors for consumption off the premises.

20. No liquor, intoxicating drug or opium shall be sold below or above such minimum or maximum or fixed prices as may be prescribed for the sale of the same in accordance with the law for the time being in force.*

21. No liquor, intoxicating drug or opium in excess of the quantity prescribed for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.†

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by any Excise Officer not below the rank of an Assistant Inspector.

23. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

24. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops earthen measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises,

25. Any officer of the Excise Department of rank not lower than Sub-Inspector is authorised to inspect licensed shops and depots. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depot. Police Officers will also make inspections when it comes within the scope of their duty.

26. An inspection note book, with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained, and be handed over to the Excise Inspector in charge of the Range or any officer authorised by him to receive it on a receipt being given therefor.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the 20th of each month beginning with July. The licensee of a jatra shop shall pay the rent thereof in full before the jatra begins.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments not exceeding Rs. 50 from any individual at a time.

28. No remission or abatement of the rent shall be claimable on any account whatever.

29. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety, under any law for the time being in force for the recovery of arrears of land revenue or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Amildar.

30. Power is further reserved to Revenue Officers to suspend licenses in case of failure of payment of khists or (in the case of toddy) tree-tax also on the due dates. In the case of arrack, toddy and drug shops this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficits if any arising from the resale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of one pie per rupee per mensem or part thereof.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee

The licensee or his agent may also be prosecuted for the specific offence committed. The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the *Excise Regulation or Opium Act* or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders him unfit to hold it. *The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license.* Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

37. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and, if so required by the Deputy Commissioner or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

39. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

40. No licensee of any one kind of liquor shop shall, during the term of such license, have any interest in the exclusive privilege of vending any other kind of liquors within five miles from it, nor shall he permit any person having such interest to hold any share or interest in his exclusive privilege.

P. and with the special permission of the Deputy Commissioner to the sale of spirits of other strengths. In places where there are no shops for the vend of foreign liquors or special liquors manufactured in the Government Central Distillery at Bangalore or where the foreign liquor shop-keepers do not undertake to sell the special or double distilled liquors of such strength as may be fixed by the Excise Commissioner, the

holder of the arrack shop license of approved character may, with the sanction of the Excise Commissioner, be permitted to sell the same in duly corked sealed bottles not to be drunk on the premises subject to conditions otherwise applicable to the sale of arrack. (3) The licensee shall pay the above duty and price into a Taluk Treasury or to a special shroff, if any, appointed on this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty and price *daily* including Sundays and holidays or to such other officer as may be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. On production of such receipt the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Deputy Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The Depot-keeper aforesaid shall issue a pass in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) The licensee shall sell palmyra jaggory and molasses arrack to the public at Rs. 6-6-0 per gallon of 25° U. In special localities where molasses arrack is licensed to be sold in quart and pint bottles, the licensee shall sell the same at not less than Rs. 7 per gallon.

(5) The licensee shall be bound to take over any liquor which may remain as stock in hand belonging to the out-going licensee on 1st July 1912, in the shop, paying him such compensation for the same as may be fixed by the Excise Commissioner.

(7) No consignments of arrack received at the shop and which have been transported through British Territory shall be opened before they have been verified by the officers authorized to do so.

(8) The arrack kept in his shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall not open the sample bottle issued to him by the Bonded Depot-keeper with each consignment, till the bulk of the liquor in the consignment is exhausted.

(9) No water or other beverage, or liquor other than arrack of any quantity whatever shall be kept or sold in the shop in which arrack is sold, or on the person or in possession of the license-holder or vendor or any of his employees in the shop.

(2) For the supply of toddy to his shops the licensee shall have the privilege of obtaining, subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. In the case of trees on Government unoccupied lands reserved for future use the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. (3) No toddy except the produce of trees for the tapping of which a license has been issued shall be kept in the shop or offered for sale or sold.

(4) The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

(5) If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under Section 26 of the Excise Regulation.

(6) In case of default, the Amildar with the Deputy Commissioner's permission, or other officer appointed for the purpose by the Deputy Commissioner, will order the suspension of the tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter continues to tap the trees, he will be prosecuted for illicit tapping.

(7) Tree-rent at Re. 0-4-3 per annum shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore.

(8) The tapping of date trees is subject to the following conditions :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or over-worked.

(*f*) Every fresh incision shall not be less than one foot above the last incision except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*j*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(*k*) When the licensee makes default and his shop is re-sold, his rights to and claims on Government trees cease and determine.

(9) The licensee shall not interfere with the persons holding license for cutting date leaves for mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

(10) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(11) The distillation of spirit from toddy is absolutely prohibited.

(12) If the licensee of a group of shops wishes to establish a depot for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. (14) The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government and mentioned in the schedule. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

(15) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap-man to enable Excise Officers to examine spathes or incisions as the case may be.

(16) The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy but such carts shall not be impressed for Government work.

(17) The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy producing trees and for the drawing of toddy therefrom :—

1. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents;

The licenses may be issued in the name of applicant himself or of his nominee.

2. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local Treasury. Forms may be obtained from him or the Assistant Inspectors under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

3. The tree-tax on toddy produced by trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed challen form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a

transport permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

4. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent and such countersignature shall, in the case of illiterate owners, be attested by the patel or shanbhog of the village in which the trees stand. 5. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for date trees shall get the requisite spaces on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

6. No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury concerned.

7. For all toddy-yielding trees, tree-tapping licenses shall be annual, from the 1st July to the 30th June next irrespective of the time when the application for a tree-tapping license is made. Notification dated 20th April 1912.

It is hereby notified that the right of levying tolls on carts entering the limits of the Town Municipality of Shimoga during a period of one year, from 1st July 1912 to 30th June 1913, will be put to public auction at 12 noon on Monday the 20th May 1912, subject to conditions hereinafter described.

2. The sale will be conducted in the office of the President of the Town Municipality by the President or in his absence from headquarters, by the Vice-President of the Municipality.

3. The right shall be knocked down to the highest approved bidder and shall, in case the sale is conducted by the Vice-President, be subject to formal confirmation by the President, who reserves to himself the power of accepting or rejecting any bid at his discretion without assigning any reasons for the same. The President further reserves to himself the power to dispose of the right by tenders or otherwise if the bids obtained at the auction are not considered satisfactory.

4. Persons intending to bid at the auction must attend in person or by a duly accredited agent. Every such person shall deposit beforehand a sum of Rs. 100 as earnest money. The deposits made by unsuccessful bidders will be returned at the close of the sale.

5. The successful bidder, hereinafter termed contractor, shall, on the sale being knocked down to him, at once deposit a sum sufficient to make up with his previous deposit one-twelfth of the amount of his bid and a further sum equal to two-twelfths of the bid amount on or before the 5th June 1912; and he shall also execute, before the said date, an agreement on stamped paper binding himself and heirs to observe the conditions hereinafter set forth. If default is made either in making the deposits or in executing the agreement as above, the amounts, if any, already deposited, will be forfeited and the right to collect the toll shall be forthwith resold or otherwise disposed of by the President.

Conditions.

(1) The amount for which the right has been finally purchased shall be payable in equal monthly instalments commencing from July 1912. Each instalment shall be regarded as the rent for the month in respect of which it is payable and shall be paid into the Treasury on or before the 20th of the month. In case of default, the President shall be at liberty to suspend further collections of toll by the contractor, direct the forfeiture of the deposit made by him and dispose of the right to collect toll during the remaining period of the year by resale, tender or otherwise as he may deem fit. Such resale or other disposal shall be at the risk of the defaulting contractor, who shall not be entitled to any gain accruing thereby; but in case of loss he shall be liable to make good the deficiency between the amount payable for the period under the terms of his contract and the amount fetched by the resale or other disposal. In the latter case, *i.e.*, in case of loss, the forfeited deposit of the contractor shall be taken towards the recoupment of such loss. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to the Municipality.

(2) The deposit of three-twelfths of the bid amount made by the contractor shall be taken as a guarantee for the due fulfilment of the contract; and if not forfeited, shall be returned after a month after the expiry of the contract.

(3) No remission or abatement of rent or compensation on any account shall be claimable by the contractor.

(4) Interest at 6 per cent per annum shall be recoverable on all arrears from date of default.

(6) A board exhibiting the rates of toll as above, written or painted legibly in English and Kannada characters, shall be put up at every toll-gate.

(7) A second toll shall not be levied on one and the same cart in the course of the same day, which shall count from 12 midnight.

(8) No toll shall be levied on carts engaged in the passage of troops or military stores or equipages or of Police officers on duty or any person or property in their custody or of any property *bona fide* belonging to Government as established by the production of a certificate from the Head of the Department or office to which it belongs; also on carrying contractors' carts conveying timber of the Forest Department.

(9) No toll shall be levied on carts on which Mohatarfa tax has been levied by the Municipality. Such carts will be numbered by the Vice-President of the Municipality, who will issue a pass therefor.

(10) The levy of tolls shall, generally, be subject to the conditions laid down in the late Chief Commissioner's Notification No. 274, dated 4th November 1876.

(11) An account of the daily collections at the several gates shall be maintained by the contractor; and at the end of every month a copy thereof shall be sent to the Vice-President for check. The account shall be open to inspection at all times by the President, Vice-President, Amildar of Shimoga Taluk or such other officer or Councillor of the Municipality as the President may specially authorise on this behalf.

(12) The right shall not be transferred by sale, gift or otherwise or subrented without the previous sanction of the President, who reserves to himself the right to reject any application therefor without assigning reasons.

(13) The names of persons appointed by the contractor in connection with the levy of toll at the several gates shall be previously reported to the Vice-President.

(14) The contractor shall be held responsible for the due fulfilment of the terms of the contract; and in the event of any infringement of any of the conditions thereof, it shall be competent to the President to impose upon the contractor a fine not exceeding Rs. 50 for every such act of infringement. The fines so imposed shall be at once paid up by the contractor, and in case of default, it shall be competent to the President to suspend further collection of toll by the contractor and to dispose of the right to collect toll during the remaining period of the year by sale or otherwise as he may determine; such resale or other disposal being at the risk of the defaulting contractor in the manner explained in condition (1) *supra*.

(15) The imposition of a fine or the cancellation of the contract under the preceding para shall be no bar to the prosecution of the contractor or his employees for any offence, or to the institution of other legal steps against them under any law in force for the time being.

To—The Deputy Commissioners, Treasury Department of all Districts.

Adverting to Excise Commissioner's letters Nos. 6357, dated 13th February 1912, and 8159, dated 11th April 1912, bringing to notice that the procedure now being followed with regard to the credit of Excise revenue in one taluk on account of another is not uniform in all the Treasuries of the State, and requesting that the procedure laid down in this office Circular No. 2080—Bills. 289, dated 6th September 1905, be adopted in the case of Excise revenue also, the undersigned has the honor to lay down the procedure noted below to be followed in future :—

(1) All payments of Excise revenue should, as a rule, be made into the Treasury of the taluk in which the revenue accrues :

(2) Such payments may also, with the sanction of the Deputy Commissioner of the district where the payment is due, be made into the District Treasury or into any other Taluk Treasury within the same district, in which case the receiving Treasury will credit the amount to the proper revenue head and send intimation of the credit to the taluk concerned for being noted in the departmental accounts :

(3) Such sums should not be tendered at, nor can they be received by, a Treasury outside the district in which the revenue accrues :

To facilitate giving of the intimation above referred to, to other taluks, etc., the use of the counterfoil book in the form appended to this office Circular No. 2080—Bills. 289, dated 6th September 1905, is suggested.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. 7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

REVENUE DEPARTMENT.

No. 12934—12941, *Circular dated* 14—17*th May* 1912.

Cases of unauthorized use of Government water are steadily on the increase, the reason, perhaps, being the inadequacy of the punishment awarded. It is not that a deterrent punishment is always called for, but, when the circumstances of a case indicate the necessity for it, it should not be withheld. Generally, the water of a tank should remain for its prescribed atchkat, and when we consider that, with every rain, a good deal of silt is washed which goes to lessen the capacity of the tank and thereby the quantity of water available for the atchkat, it would be unpardonable on anybody's part to add to the atchkat. It is not only incumbent upon the Local Revenue officers to see that no Government water is used surreptitiously or in anticipation of sanction, but to steadily discourage applications for neersardi. As a rule, no permanent *neersardi* should be granted, for it is practically increasing the atchkat. There would, however, be no valid objection to grant a temporary neersardi and that for one year only in years of plentiful rainfall, when the water in the tank is likely to be in excess of the requirements of its atchkat. The atchkat should not be added to permanently except after mature consideration and for very good reason. The Sub-Division Officers should not, as a rule, write to the Revenue Survey Department recommending permanent neersardi. That action should always remain to the Deputy Commissioner. It is requested that necessary instructions be issued in this matter to the subordinate Revenue officers.

No. 12972, *dated* 15—18*th May* 1912.

It is hereby notified that, out of Rs. 200 advanced by Government to Ganesiah, cabinet maker, Mysore (since deceased), for preparing exhibits to the Franco British Exhibition of 1908, a balance of Rs. 125-8-0 remains unpaid.

The Registrar and the Deputy Commissioner may inspect the books, accounts, papers and securities of the Societies as often as they like. The Societies shall send monthly and annual returns and reports of their proceedings to the Registrar, who checks their correctness and correspondence with the rules of the Societies and advises them generally on all matters.

6. Co-operative Societies have been granted the following privileges by the Government:—

(*a*) The share or interest of a member in the capital of the Society is not liable to attachment for the money decree of a Civil Court.

(*b*) A Society has priority to other creditors to enforce its claim—

(i) upon the crops or other agricultural produce of present or past members at any time within a year from the date when seed or manure was advanced, or money for their purchase was lent;

(ii) upon any cattle, agricultural or industrial implements or raw material for manufactures, supplied by the Society or purchased in whole or in part with money lent by the Society.

(*d*) The suits between Societies and their members are decreed by the Registrar and executed by the Deputy Commissioner. No Court fee of any kind is levied.

7. With a view to foster their growth still better, certain restrictive conditions have been imposed on the Societies, intended for their more efficacious management. They are:—

(*a*) that only persons known as honest, thrifty and industrious be admitted as members, and expelled when they infringe these requirements,

(*b*) that the members of a Society shall be persons living in each other's neighbourhood and knowing each other's economic position and needs,

(*c*) that Societies be managed democratically by elected Panchayats, each member having a vote on all questions arising in the Society,

(*d*) that no loan be granted to any person other than a member,

(*e*) that no money be borrowed from outside the Society without the Registrar's scrutiny and sanction, and

(*f*) that a reserve of not less than 25 per cent of the profits of each year be built up to meet unforeseen losses.

8. Having very briefly indicated what a Co-operative Society is, its objects, privileges, safeguards and the method of bringing it into existence, the general progress of the Co-operative movement in Mysore from year to year may next be tabulated as follows:—

10. As elsewhere in India, the largest number of Societies are credit institutions numbering 169. They have all been steadily progressing without a hindrance or set back, as they are the easiest to manage, while at the same time they supply facile credit to every trade and industry. They devote their funds for giving loans mostly for agricultural and other purposes as follows :—

(1) The purchase of seed, manure or agricultural implements.
(2) The purchase of cattle and fodder for cattle.
(3) The manufacture or purchase of country carts.
(4) The payment of kandayam (Sirkar khist) on land.
(5) Improvements to lands and purchase of new lands.
(6) The building, buying or repairing of dwelling houses or cattle sheds.
(7) Advances to artizans for the purchase of implements or the raw materials required for their industry.
(8) Advances to petty traders for purposes of trade.
(9) Payment of prior debts.
(10) The purchase of food grains and other necessaries of life.

The loans of 1910-11 have been calculated to have helped about 6,000 persons with about three lakhs of rupees at an average interest of 12 per cent, who but for the Societies would have paid an average rate of 18 per cent. This saved them a sum of about Rs. 20,000 by the cheaper credit offered by the Societies.

11. Next in order of importance come our Stores Societies numbering thirteen. The total value of stores purchased and sold by these Societies during the year 1910-11 amounted to Rs. 85,405-11-1 and Rs. 87,991-9-9 respectively. They have been most successful in Bangalore, Mysore and in a lesser degree in Kolar. They supply a real urban need by the sale of pure and unadulterated articles at fixed and reasonable rates in honest measure. But their having to contend against keen outside competition in the market coupled with the difficulties of procuring efficient expert management is in the way of further expansion of this kind of distributive Co-operation.

12. There are ten Societies classed as productive. The important industry of weaving is fostered by 7 of them and of these the Societies at Melkote, Mysore, Molakalmuru and Grama have been the most thriving. The value of the total quantity of raw materials purchased and finished products sold, by these Societies during the year 1910-11 was Rs. 47,958-4-7 and Rs. 51,742-2-5 respectively. The Melkote Society, under the management of its capable Secretary, is a worthy model for imitation in other places. The Mysore Society, though with a smaller membership, did even more business than the Melkote Society. The Channapatna Society turns out of wood that was used as fuel its admirable toys of lacware and is an indication of the possibilities of this branch of Co-operation in the future.

13. Other classes of Co-operation in Mysore comprise the Grain Banks, four in number, the District Associations, which are three in number, and the single House-Building Society at Bangalore. The quantity of grain collected during 1910-11 by these Grain Banks was 214 pallas and 58 seers while that lent out was 153 pallas and 84 seers; one of these Grain Banks also issued small cash loans to agriculturists to the extent of Rs. 395. They show no tendency to increase because of the difficulties of their management, especially as most of their purposes are better served by a Credit Institution. The District Associations promote improvements in agriculture and industry.

14. The Societies collect their working capital by shares paid in monthly instalments of four annas and upwards, which conduces to promote thrift amongst the members. Deposits are also received at suitable rates ranging from 4 to 6 per cent so as to attract local capital. Central Banks finance the Societies by outside capital at 7½ per cent. There are two Central Banks, one at Mysore and the other at Bangalore, of which the latter has lent a total sum of Rs. 70,805 to twenty Societies. The Mysore Bank is still in its infancy collecting capital. These sources provide all the requisite capital for Societies and Government aid is rarely solicited in this direction.

15. The Societies are inspected and their accounts audited twice a year. An Inspector generally has charge of thirty Societies, whose welfare he supervises. There are three such Inspectors.

There are three Honorary Organizers, Mr. Badami Krishna Rao in the Mysore District, Mr. T. Venkataramaiya in the Bangalore District, and Mr. H. R. Srinivasa Rao in the Hassan District. They have organized fresh Societies in suitable localities by preaching on the Co-operative movement. Mr. C. D. Ramaswamaiya rendered similar service in the Tumkur District, in fact, pioneering the movement.

A class of Honorary Supervisors of the status of a retired Taluk Sheristadar has also been helping in the supervision of existing Societies. Their charge is generally a taluk in which they have served and where they possess local knowledge and influence. We have ten such Supervisors.

M. A. NARAYANAYANGAR,
Officiating Registrar of Co-operative Societies.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

12. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

13. The rates of subscription to the Gazette are as follow :—

Resolution.—Resolved that as the matter is urgent, an early reference be made for orders of Government on the subject and in the meanwhile, the Amildar and Vice-President of the Taluk Board be directed not to collect shop-tax in the Sravanabelagola Union.

XX. Read Channarayapatna Taluk Amildar's report No. 365, dated 29th April 1912, submitting for sanction an estimate amounting to Rs. 30 for the purchase of certain articles required for the Vaidyasala at Sravanabelagola and stating that the cost thereof may be met out of the savings effected till now under "Contingencies" of this Vaidyasala.

Resolution.—Resolved that the estimate is sanctioned for Rs. 30, the cost being met out of the savings of contingencies provided under "C. Civil Charges, II Indigenous Hospitals" in the District Fund Budget for 1911-12.

XXI. Read Hassan Taluk Amildar's report No. 1368, dated 2nd April 1912, proposing the introduction of printed forms similar to Revenue Patta books for the grant of receipts for payment of house tax in Unions as prescribed in para 73 of the Rules under the Local Boards Regulation as the present practice of granting such receipts in loose manuscript forms is inconvenient for preservation.

Resolution.—Resolved that as cost of printing such receipt forms has to be provided for, the suggestion be sent to all Taluk Boards for obtaining the resolutions of the several Union Panchayats and submitting the same with their own resolutions.

XXII. Read docket No. 470, dated 29th April 1912, from the Assistant Engineer in charge, Hassan Division, forwarding for countersignature and return an estimate amounting to Rs. 305 for reconstructing a dry stone tunnel of one vent of 5 by 6 feet in 3/8th mile of Vanagur-Mallipatna road.

Resolution.—Resolved that as it is said that the cost can be met out of the funds already placed at the disposal of the Executive Engineer, the estimate be countersigned and returned for early execution.

XXIII. (*a*) Read docket No. 433, dated 17—24th April 1912, from the Assistant Engineer in charge, Hassan Division, forwarding copy of No. IV Sub-Division Officer's No. 164, dated 25th March 1912, reporting that the question of repairing the Local Fund well at Hanbal may be abandoned and a new well sunk in the site now selected and shown in the sketch.

(*b*) Read Saklespur Sub-Division Assistant Commissioner's docket No. 308, dated 1st May 1912, stating that under the circumstances stated by the Executive Engineer, there seems to be no option but to construct a new well on the proposed site to which the Amildar of Manjarabad Taluk has also agreed.

Resolution.—Resolved that in the circumstances mentioned by the Executive Engineer and the Assistant Commissioner, Saklespur Sub-Division, there appears no alternative but to decide upon the site selected for the Local Fund Dispensary well and there to sink a new Local Fund well at a cost of Rs. 300, available from District Funds since the District Medical and Sanitary Officer now present also advises the same and states that there will be no objection to the public resorting to that spot along the southern portion of the Dispensary compound.

Further resolved that the estimate for Rs. 300 is sanctioned, the cost being met from the provision of Rs. 300 made for the Hanbal well in the District Fund bubget for 1911-12.

XXIV. Read docket No. 4390, dated 29th April 1912, from the Senior Surgeon, Mysore Government, stating that as the period of the temporary entertainment of midwives at Konanur and Hanbal, sanctioned in Government Order No. 1327-33—Med. 221-09-2, dated 8th August 1910, expires at the end of June 1912, Government may be addressed for their further retention, in case their services are required after that date.

Resolution.—Resolved that, as retention of the services of the two midwives in question is necessary, sanction of Government be obtained to the same.

XXV. Read docket No. 7974—L. B. 248-11-2, dated 29th April 1912, from the Secretary to Government, General and Revenue Departments, referring to the District Board for consideration, Dasara Subject No. 416 of 1911, about the formation of good roads in malnad parts.

Resolution.—Recorded.

XXVI. Read Hole-Narsipur Taluk Amildar's report No. 379, dated 8th April 1912, forwarding explanation of District Board member Mr. N. D. Venkataramaiya of Hole-Narsipur Taluk for his absence from three consecutive meetings of the Board, stating that on account of outbreak of plague in the town, he was living in the shed outside the town and consequently he was unable to attend the meetings.

Resolution.—Resolved that, in the circumstances mentioned, Government be moved to condone the member's absence from three consecutive meetings.

XXVII. Read the following for the information of the Board :—

1. Government Order No. 6381-92—Sany. 250-07-33, dated 8th March 1912, directing that ordinarily the charges for the suppression and prevention of plague including the erection of sheds be borne by the local bodies concerned.
2. Government Proceedings No. F. L. 4129-38—S. A. 145-11-2, dated 29th March 1912, laying down rules regulating the rates of travelling allowances admissible to midwives.

Resolution.—Recorded.

XXVIII. Read this office yadi No. 3319, dated 25th April 1912, addressed to the Assistant Commissioner, Channarayapatna Sub-Division, sanctioning the urgent execution of the work of deepening a well and providing with a pulley at Basthihalli village, Channarayapatna Taluk, at an estimated cost of Rs. 25, with a view to providing good drinking water and thus to suppress cholera at the place, the charge being met out of the provision of Rs. 300, sanctioned under "X. Miscellaneous, (8) Cholera and plague charges" in the District Fund budget for 1911-12.

Resolution.—Recorded and approved.

XXIX. Read General and Revenue Secretary's memo No. 7640—L. B. 16-11, dated 17th April 1912, requesting explanation with Reference to Resolutions Nos. VIII and XXIII of the District Board meeting held on 19th and 20th February 1912, as to why the Board consider that the cost of improvement of 3rd class travellers' bungalows is not a legitimate charge on the District Funds.

Resolution.—Resolved that it be explained to Government on what authority this Board expressed the opinion in the above-quoted resolution.

XXX. Read the communications received from the following members of the District Board expressing their inability to attend the meeting :—

Mr. W. L. Crawford.
" G. P. Dharanaiya.
" Chikkabeedi Nanjanna.
" Suryanarayanasetty.

N. B.—All the Amildars and Deputy Amildar of Harihar were present, except Amildars of Hiriyur and Jagalur.

I. Read and recorded the proceedings of the meeting of the Board held on the 7th February 1912.

II. Read Government Proceedings No. 465-71—Ry. 124-11-2, dated 28th February 1912, sanctioning the estimate for Rs. 8,000 for surveying the Chikjajur-Chitaldrug Railway line and preparing project and estimates for the same.

Resolution.—Recorded. The Board wish to convey to Government their thanks for having sanctioned the survey and trust that the line itself will be taken up very soon.

III. Read Deputy Commissioner's D. O. letter dated 17th May 1912, to the Dewan of Mysore, submitting proposals in the matter of raising in the district itself a portion of the amount required for the construction of Chikjajur-Chitaldrug Railway.

Resolution.—The Board approve of the proposal and recommend that Government will sanction it.

III. (A) Mr. Raghavachar, who was requested to attend the meeting, explained that the line will be about 21 miles in length, and will cost about 8½ lakhs and that a gross annual return of about Rs. 65,000 and net return of about Rs. 35,000 may be expected. The Board wish to thank Mr. Raghavachar for the information kindly supplied.

IV. Read letter No. 6726—L. B. 21-11-6, dated 16th December 1911, from the General and Revenue Secretary, informing that in the matter of levying a railway cess in the district, the passing of the amending Local Board's Regulation must be awaited.

Resolution.—Recorded with the request that Government may be pleased to take very early steps in the matter.

V. Read Memo No. 140, dated 18th April 1912, from the Assistant Commissioner, Chitaldrug Sub-Division, proposing that a rent of Rs. 3 per mensem may be recovered from the Police Department on account of the location of the Police Station in the musafirkhana at Rampur.

Resolution.—The proposal may be submitted to Government for sanction.

VI. Read letter No. 124, dated 14th February 1912, from the Executive Engineer, Marikanave Division, regarding the maintenance of Hosdurga-Kachavar Lake Head road.

Resolution.—In the present financial condition of the Board, it is regretted that this proposal is not feasible.

VII. Read Memo No. 100, dated 8th February 1912, from the Executive Engineer, Chitaldrug Division, proposing the establishment of a toll-gate at the entrance to the Bharmasagar tank bund, with a view to maintain, out of the collections, the bund of the tank on which the carts bound for Davangere market pass.

Resolution.—This involves a new principle, that, if sanctioned, will raise similar requests from other tanks. The Executive Engineer will be requested to send an estimate for forming a road or good cart-track from Biderkere to Bharmasagar and after this is received, the question will again be considered.

VIII. Read and recorded Government Proceedings No. 6591-4—L. B. 112-11-6, dated 13th March 1912, directing that the expenditure incurred on account of repairs done to Harihar-Harapanahalli road on the occasion of the Madras Governor's visit in November 1910, be charged to Provincial Revenues.

IX. Read and recorded Government Proceedings No. 6966-7—Med. 154-11-2, dated 26th March 1912, sanctioning the opening of a Vaidyasala at Mayakonda for one year.

X. Read docket No. 5592—543, dated 21st March 1912, from the Comptroller, forwarding a statement showing the amounts credited to District Funds from certain minor Municipalities.

Resolution.—That the amount may, as far as possible, be spent in these Unions, the President's office maintaining separate accounts for the purpose.

XI. Read yadi No. 395, dated 13th February 1912, from the Assistant Commissioner, Chitaldrug Sub-Division, proposing that a monthly allowance of Rs. 2 may be given to the caretaker of Hangal-Rayadrug road rest-house for being in charge of the travellers' bungalow at Molakalmuru in addition to his own duties.

Resolution.—Sanctioned. A proposal to be submitted to Government.

XII. Read estimate for Rs. 1,305 being the probable cost of furniture required for the several Unions in the district.

Resolution.—Approved. The estimate may be submitted to Government for sanction.

XIII. Read General and Revenue Secretary's letter No. 8461-8—L. B. 259-11, dated 13th May 1912, inviting attention to Representative Assembly Subject No. 198 of 1911-12, in the matter of the qualification required for being elected as a member of the Taluk Board, etc., and requesting to submit a copy of the Board's resolution in the matter.

Resolution.— The Board consider that the rules do not require change, as the owning of lands in the group itself would give the member elected for the group greater interest in the group.

XIV. Read General and Revenue Secretary's letter No. 8562-9—L. B. 263-11, dated 15th May 1912, inviting reference to Representative Assembly Subject No. 208 of 1911-12, as regards the construction of a second kitchen for inspection lodges and travellers' bungalows, etc., and requesting to submit the Board's proposals in the matter.

Resolution.—These buildings are now paying the cost of their maintenance and unless the rates are raised, the proposal involves extra expenditure without a return, and is therefore not commendable.

XV. Read letter No. 32, dated 14th May 1912, from the Executive Engineer, Chitaldrug Division, returning duly scrutinised a revised estimate amounting to Rs. 2,542 for the improvements to be effected to the well at Gulihatti village.

Resolution.—Resolved that the estimate be submitted to Government for sanction.

XVI. Read docket No. 2825, dated 20th March 1912, from the Superintending Engineer, Southern Circle, regarding the maintenance charges of Harihar Water Works for 1911-12.

Resolution.—Government have, in their No. 6937—Ml. 48-11-8, dated 25th March 1912, stated that contribution from District Board to Municipalities is wrong in principle and as the District Board is already contributing Rs. 1,600 annually, it could not contribute more.

XVII. Read letter No. 858, dated nil, from the Executive Engineer, Water-Supply and Stores Division, Bangalore, regarding water-supply to Turuvanur village.

Resolution.—That the Executive Engineer, Chitaldrug, be requested to inspect the village at an early date and give a rough idea of the initial cost and maintenance charges.

XVIII. Read correspondence ending with yadi No. 649, dated 14th May 1912, from the Assistant Commissioner, Davangere Sub-Division, regarding the abolition of Dummi Union in the Holalkere Taluk for reasons stated therein.

Resolution.—That the question be taken up as a whole at the next meeting and the Amildars requested to furnish the new Census figures for each Union, the figures for dakhale villages being shown separately and distance from main village being shown.

XIX. Read and recorded the revised rules for the occupation and preservation of musafirkhanas, issued under Government Notification No. 8097—L. B. 325-10-13, dated 2nd May 1912.

XX. Read office note dated 4th May 1912, suggesting that in view of the heavy traffic on the District Fund roads in the Davangere Taluk, the District Board is entitled to claim a portion of the toll-gate revenue from the Davangere Municipality under Section 31 (*a*) and clause (*b*) of Regulation X of 1911.

Resolution.—That this matter be brought up again one year hence, when the respective financial condition of Davangere Municipality and the Board will be better known.

XXI. Read report No. 155, dated 16th May 1912, received from the Deputy Amildar of Harihar, submitting a statement showing the particulars of receipts and expenditure in connection with the cattle show held in the month of March 1912.

Resolution.—Recorded. The Board recommend that the extra expenditure, which was unavoidable be also sanctioned. It is noted that the net cost of the show is only Rs. 11-10-4.

XXII. Resolved that the next meeting of the District Board be held on the 9th July 1912.

XXIII. Mr. Tirumalachar, Deputy Inspector of Schools, recommended that as the grant of Rs. 50 proposed by the Inspector-General of Education for sanction by Government for the Industrial School at Chitaldrug, is not enough, the District Board may be requested to make a contribution of Rs. 30 per month. The Board approve of this.

The members for Harihar, Hosdurga and Molakalmuru and Chitaldrug suggested and the other members agreed that the best method of utilising the services of Mr. David would be to make him a touring teacher for the above 4 towns and it was submitted that it will be a waste to keep him all the 12 months in Molakalmuru and as the Board are making a grant, the Deputy Commissioner be requested to submit the views of the Board to the Education Department.

K. CHANDY,
President, District Board.

PART III.

Legislative Measures and Rules thereunder.

NOTIFICATIONS.

No. J. 3591—Legis. 16-09, dated 5th June 1912.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the Rules under the Mysore Weights and Measures Regulation, No. III of 1902, issued under Notification No. J. 864—Legis. 16-09-37, dated the 11th September 1911, shall come into force throughout the State on the 1st day of October 1912 instead of on the 1st July 1912, as stated in the preamble to the said Notification.

By Order,
K. R. SRINIVASIENGAR,
Officiating Secretary to Government,
General and Revenue Departments.

No. 275—L. C., dated the 8th June 1912.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the following Bill to further amend the Mysore Excise Regulation, 1901, is published for general information, with the Statement of Objects and Reasons.

By Order,
S. HIRIYANNAIYA,
Secretary, Mysore Legislative Council.

A Bill to further amend the Mysore Excise Regulation, 1901.

Whereas it is expedient to further amend the Mysore Excise Regulation, 1901; His Highness the Maharaja is pleased to enact as follows:—

Preamble.

1. This Regulation shall be called "The Mysore Excise Regulation Amendment Regulation, 19."

Short title.

2. The words "or a person in the employ of such holder" shall be inserted after the word "Regulation" occurring before clause (*a*) of sections 56 and 57 of the Mysore Excise Regulation, V of 1901.

Amendment of sections 56 and 57 of Regulation V of 1901.

STATEMENT OF OBJECTS AND REASONS.

The Chief Court have decided in a case that went up before them in appeal from the order of the City Magistrate of Bangalore that the servant or employee of an arrack vendor cannot, under the Excise Regulation, be punished for malpractices committed by him (the servant) and falling under Section 56 of the Excise Regulation, and that that section read with section 64 can have no application to a person other than the actual holder of a license. It is reported that, as a result of this decision, respectable and solvent people hesitate to come forward to take up licenses in the Excise Department as they will have no effective control over the conduct of their servants who might easily expose their masters to a prosecution under the Excise laws. It is, therefore, considered desirable to amend sections 56 and 57 of the Excise Regulation so as to make the actual vendor of liquor punishable for offences under those sections equally with the licensee.

No. 276—L. C., dated 8th June 1912.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the accompanying Bill to further amend the Mysore Local Boards Regulation is published for general information with the Statement of Objects and Reasons.

By Order,
S. HIRIYANNAIYA,
Secretary, Mysore Legislative Council.

A Bill to further amend the Mysore Local Boards Regulation, II of 1902.

Preamble.

Whereas it is expedient to further amend the Mysore Local Boards Regulation, II of 1902; His Highness the Maharaja is pleased to enact as follows:—

Insertion of a new clause under sub-section (1) of section 20 of the said Regulation.

The following shall be added after clause 1 in sub-section (1) of section 20 of the said Regulation:—

"1 (*a*) A Railway cess imposed with the previous sanction of Government at a rate not exceeding three pies in the rupee on all items of revenue on which local cess is levied, to be recovered in the same manner as the local cess and to be utilized solely in the construction of tramways and rail roads."

STATEMENT OF OBJECTS AND REASONS.

There have recently been some proposals before Government for the construction of branch railways by District Boards with the aid of funds raised by debenture loans. The Boards are now spending almost to the full extent of their taxing powers and so they experience considerable difficulty in raising a loan and guaranteeing the interest thereon. It is therefore proposed that, in addition to the ordinary local cess, a special cess of three pies in the rupee be levied to be solely utilized in the construction of tramways or rail roads.

With a view to encourage the construction of such branch lines, it is desirable that the District Boards should by legislation be empowered to levy such cess with the previous sanction of Government. Hence the proposed Bill which is based on clause (ii) of section 57 of the Madras Local Boards Act, V of 1884 as amended by Acts III of 1890 and VI of 1900.

INSURANCE.

To—The Heads of all Offices.

Circular No. 42, *dated* 12*th June* 1912.

It has been brought to notice that the exact dates on which previous detailed Medical Examinations were made are neither noted in the proposals for further Insurance submitted under Rule 22, nor are the proposers themselves able to state it. In consequence, ordinary certificates of good health are granted in some cases in which a detailed Medical Certificate is necessary involving double work to the Medical Officers, in as much as a second examination of the proposer has to be conducted for the grant of the proper certificate

2. It must also cause inconvenience to proposers in as much as they would be required to present themselves before the Medical Officer for a second time in respect of the same proposal

3. To avoid this, in all policies issued in future on the basis of a detailed Medical Certificate, the date of the certificate will be noted in red ink for information of the insured and to enable him to state it to the Medical Officer when he appears for examination in connection with a proposal for furthur insurance.

In the case of Insured persons who are not aware of the exact date of their previous detailed Medical Examination, they should ascertain it before hand from the Insurance Office in all cases in which there is any doubt as to whether a period of five years has elapsed. The date so ascertained should be stated to the Medical Officer to enable him to grant the right certificate.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

At the last Conference of Co-operative Societies held in Mysore in September 1911, it was resolved that the next Conference should meet at Mysore during the Dasara season of 1912. It is necessary that the Societies should have sufficient time before the Conference meets to prepare themselves to take an active part in carrying on the discussions and to make the Conference a success. Some time is also necessary for the Societies to think out and suggest the subjects for discussion at the Conference. At the same time the Registrar should be in a position to know the number of delegates attending the Conference in order to make suitable housing and boarding arrangements.

2. The selection of delegates may be made as follows :—

1. Delegate for a Society with a membership up to	100
2. Delegates up to	300
3. Do above	300

3. The Society may pay to the delegates out of its funds, double third class fare for both the journeys and actual cart-hire incurred by them for reaching the railway station. A daily batta of eight annas per diem for a period of 5 days may also be paid.

4. Tiffin, photo and other miscellaneous expenses may be borne by the delegates themselves.

5. A Reception Committee will be formed at Mysore to see to the convenience of the delegates. Such of the delegates as require messing and housing arrangements will intimate their requirements to the Secretary of the Reception Committee one month before the date of the conference and send him in advance the money calculated at the rate of eight annas per day for each person for undertaking the necessary arrangements.

6. The following questions may be discussed at a general meeting of each Society, if possible, and the opinion of the general body ascertained and communicated to this office :—

(*a*) On what dates should the Conference meet during the Dasara ?

(*b*) What subjects would your Society suggest for discussion at the Conference ? A brief note on each of the subjects proposed should accompany the suggestion.

(*c*) Who are the delegates selected by your Society ?

(*d*) Does the general meeting approve of the expenditure suggested for the delegates and set apart the requisite sum ?

7. A reply to this circular may kindly be sent so as to reach this office before the end of July 1912.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

THE MYSORE ECONOMIC CONFERENCE.

SERICULTURE.

Information reached the Chairman of the Agricultural Committee about the prevalence of some disease among silk-worms in the Kunigal Taluk of the Tumkur District in May 1912, and Mr. E. Jackson, Superintendent, Tata's Silk Farm, was requested to proceed to Kunigal to investigate into the matter. The following abstract of the report of Mr. Jackson is published for general information :—

* * * *

The people (of Nittur-Kempanahalli, a village nine miles from Kunigal) brought out the worms in two or three different stages for me to examine. I expected to see *Pebrine*, the disease that is doing so much damage at Closepet and Channapatna. But I soon found out that it was not Pebrine but *Muscardine*.

The disease results from the presence of a minute spore which settles in the silk worm and in a sense takes root there eating its way into the skin and finally kills its victim. It is caused by uncleanness, over-heated rooms, over-crowding of worms in the trays, diseased mulberry, etc., etc. I asked the people to show me where they reared the worms. I found the rooms had no ventilation and were very hot. I could not stop in the place myself and got out of the room as quickly as possible. I also found there were too many worms in the tray and advised the people to take a few off and put them in another tray.

I then asked them to show me their mulberry gardens and there I found that the mulberry was diseased.

The sickness in the worms is not of the worst kind and can be avoided.

The disease of *Muscardine* which the worms are suffering from in Nittur-Kempanahalli, is caused by giving the worms diseased mulberry leaf, over-crowding and keeping them in rooms with no air and ventilation. We advised the people what they should do, especially with the mulberry.

By Order,
K. SUBBA RAU,
Secretary, Agricultural Committee.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels, Nad Patels and Shekdars within the Province at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

12. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

CRIMINAL SIDE.

Rule of Practice No. 84, *dated 6th August* 1912.

The following rules for the supply and custody of Stationery and Forms framed by the Chief Court, having received the sanction of Government, are published for the guidance of all Criminal Courts.

1. All stationery and forms shall be in charge of a special English knowing clerk who shall be styled the Stationery and Forms Clerk.

2. Indents for stationery and forms are to be made only on the prescribed forms of indent, which will be supplied on application to the Superintendent of the Stationery Depôt.

3. Indents will be prepared in duplicate and will be submitted through the Registrar of the Chief Court, the indents for stationery on or before the 15th January and the indents for forms on or before the 1st February. The punctual submission of all indents is very essential.

4. The annual indents should be carefully prepared so as to include all stationery and forms which will be required during the coming year. A full explanation of any considerable differences between the average consumption and the demand must be given and when any articles which are supplied at stated periods, or once for all, are indented for, the prescribed certificate must be attached.

5. The necessity for supplementary and emergent indents may be due to under-estimate in the annual indent, the accidental loss or destruction of forms, the revision of existing or the introduction of new forms, or to an unforeseen demand. Their submission causes

considerable inconvenience and every care should be taken, by the exercise of forethought at the time of submission of the annual indent, to prevent the necessity for them arising. When such indents are unavoidable satisfactory explanations must be furnished of the circumstances under which the additional supplies are required.

6. No forms other than the forms prescribed are to be indented for. When any officer is of opinion that any new form should be prescribed or that any existing form is defective as regards its contents or size or quality of paper, he should make a separate reference to the Chief Court.

7. Packages containing stationery or forms shall be opened and examined as soon after arrival as possible in the presence of the Indenting Officer or of some one appointed by him for that purpose who will be required to check the contents of the packages with the invoice sheet and to fill in the prescribed certificate. The nature and extent of any damage to the packages or their contents should be clearly stated as also any differences either in kind or quantity between the articles mentioned in the invoice sheet and the articles actually received.

8. Space should be specially set apart for the storage of stationery and forms which should be kept under lock and key. It is essential that the general office staff should not be able to have access to the stationery or forms without the knowledge of the clerk in charge. Each description of form should be placed in a separate bundle which shall be labelled with the name and number of the form. Special care should be taken to prevent the stationery and forms in store from being damaged by rats, white-ants, etc.

9. A sample of each sanctioned form shall be kept in a File Book by the special clerk. All new forms shall be added and all amendments to old forms noted.

10. The following registers will be maintained by the Stationery and Forms Clerk :—

F_1. General Store Account Book of Stationery.
F_2. Account Book of the Issue of Stationery.
K. Personal Ledger (Stationery).
F_1. General Store Account Book of Forms.
F_2. Account Book of the Issue of Forms.

11. Each supply of stationery or forms shall immediately on receipt be entered in the General Store Account Book and issues therefrom shall be regularly posted in the Account Book of Issue.

12. Indenting Officers should by standing order prescribe the procedure under which stationery and forms shall be issued from Store for consumption in their offices. The essential conditions to be ensured are that all issues of stationery and forms shall be immediately posted, that no issue shall be made except under proper authority and that no supply of stationery or forms in excess of the anticipated requirements for one month shall be issued at one time. The practice of making over at one time the whole supply estimated for the consumption of the year defeats the maintenance of any efficient check over consumption and is strictly prohibited.

13. Stock shall be taken of all stationery and forms once a year. The counting of all forms and articles of stationery shall be done by the special clerk and the Indenting Officer shall personally check not less than ten per cent of the entries. The Store Account Books shall then be corrected to show the actual verified balance in hand and the orders of the Indenting Officer taken as regards any discrepancies discovered. In order to reduce labour and to minimise the possibility of mistakes, stock-taking should be done when stock is at its lowest, that is, in the course of the month immediately preceding the receipt of a fresh supply.

14. Damaged and obsolete forms which cannot be made available for use shall be written off under the orders of the Indenting Officer.

15. These rules are to be read side by side with and as supplemental to the rules issued under Government Order No. G. 6011—60, dated the 27th May 1904.

THE MYSORE ECONOMIC CONFERENCE.

DEPARTMENT OF AGRICULTURE, MYSORE.

Notice.

It does not seem to be generally known that, under orders of Government, an Implement Depot is maintained by the Agricultural Department and its services do not seem to be utilised to the extent they might be. The ordinary agriculturist does not always know what implement to get, where to go and what price to pay for it. The depot is intended to save the purchaser all this trouble. It advises him with regard to the choice of an implement and sells it to him for a fair price. If it is not immediately available, it procures it for him from the manufacturers. The department is in addition always ready to give instruction in the use of implements.

It has happened sometimes that a prospective purchaser has come to buy a large sugar cane mill for example, a few days before he expects to start milling operations and has gone away disappointed as the depot had none in stock at the time. As obviously, it is not possible to stock implements in any quantity except ploughs and one or two other ordinary things for which a steady demand is known to exist, reasonable time should always be allowed. It is therefore requested that persons who desire to go in for improved agricultural implements other than ploughs and shares, will place their orders at least three months before they wish to use them. Orders may be sent either direct to the Department of Agriculture or through the Amildars of taluks.

H. V. KRISHNAYYA, B.A., F.C.S.,
Aq. Officer in charge.

MISCELLANEOUS.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Circular No. 163-87—*C. S.* 105, *dated Bangalore, 7th August* 1912.

In continuation of this office Circular No. 1019-1038—C. S. 105, dated 27th June 1912, the following additional instructions are issued with reference to the ensuing Co-operative Conference at Mysore in October next :—

(i) Societies may send to the Conference in addition to the delegates, one or more members interested in co-operation who will bear their own expenses. These gentlemen may address the Conference on matters discussed therein, but will not vote for the resolutions.

(ii) Societies need not vote any expenditure where liberal-minded co-operators offer themselves to represent them as delegates at their own expense. Big Societies may, however, in case their finances permit, vote return 1st or 2nd class railway fare to the delegates from the nearest railway station to Mysore and back.

(iii) In suggesting dates for the sitting of the Conference care should be taken to avoid interference with Dasara Representative Assembly meetings or other important functions in Mysore.

No. 217—*C. S.* 40, *dated Bangalore*, 6—10*th August* 1912.

AUDIT ORDER.

The Society was registered on the 28th July 1911 and started work on the 10th October 1911. Its operations extend to forty-two villages including Arsikere. Its registered share capital is a thousand shares of Rs. 10 each, payable in monthly instalments of eight annas. All the shares have been taken up. There are 135 members borne on the registers. The share amount collected is Rs. 3,615-8-0. These figures bear ample testimony to the excellent work of the Society in the very first year of its existence.

2. The Balance Sheet is approved and may be published at the next general meeting. As the Society would otherwise have hardly any profit to its credit for distribution to the share-holders, a special concession has been granted of the utilization of Rs. 80, out of the entrance fees for meeting a portion of the printing charges.

3. The Registrar invites the attention of the Society to the report of the Auditors (copy enclosed) and to his margin-remarks thereon and trusts that the Society will improve its working on the lines suggested.

4. The Registrar is very pleased to record his appreciation of the good work of the Society and its rapid progress during the year. The thanks of the Society are specially due to its Secretary Mr. M. Venkatasubbaiya, under whose energetic supervision it has found itself progressing with marked success.

M. A. NARAYAN IYENGAR,
Officiating Registrar.

NOTES ON THE INSPECTION OF THE ARSIKERE CO-OPERATIVE SOCIETY, LIMITED, ARSIKERE.

The Arsikere Co-operative Society was registered on the 28th July 1911 on the basis of limited liability with jurisdiction over Arsikere town and forty-one other villages included in the Kasaba Hobli of the Arsikere Taluk. All the Government servants including the Shanbhogs and Patels in the whole of the taluk are eligible for membership in the Society. The villages included in the operation of the Society are Government villages.

2. The executive of the Society is vested in the hands of fifteen members including the President and the Secretary who are elected by the general body in their meeting held on the 3rd August 1911, when the bye-laws approved by the Registrar were read and confirmed.

The following are the present Committee members :—

SECRETARY AND TREASURER.	
15. Mr. M. Venkatasubbaiya, retired Railway official	5

In the beginning Mr. Tirunarana Ayangar, the then Amildar of Arsikere, was appointed President: but on his transfer, Mr. Chowdaiya took his place.

The Secretary writes in his own hand the Cash Book, while the other registers are maintained by a clerk. The Secretary receives no monthly remuneration for his work.

Register of members.—This register is properly maintained. The details of the addresses, castes, etc., of members have been properly noted down. In all cases, applications for memberships have been taken and properly filed. All the members reside within the boundaries specified in the bye-laws and none of them belong to any other Society. The desirability of appointing a nominee is, in all cases, very well impressed on the minds of applicants for membership and the nominees so appointed are duly entered in the register.

One hundred and forty-five members joined the Society from time to time and eleven of them were removed from membership for the following reasons:—

Three by resignation.
Two on account of transfer.
Two on account of death.
and Four for persistent default in paying up their shares.

Thus the net membership of the Society on the 30th June 1912 was 135.

Arranged castewar, they stand as follows:—

Brahmins ...	... 89	Lingayets ...	... 3
Vaisyas ...	... 8	Banajiga ...	... 1
Mahammadans	... 8	Native Christian	... 1
Vakkaligars	... 11	Eurasian ...	... 1
Edigars ...	... 2	Nayanar ...	... 2
Mudaliars ...	... 5		
Naidus ...	... 3	Total	... 135

Classified according to occupations:—

Government servants	... 66	Patels ...	... 6
Shanbhogs	... 18	Land-holders ...	... 6
Railway officials	... 9	Bricklayer ...	... 1
Pleader ...	... 1	Hotel-keeper ...	... 1
Merchants...	... 14		
Merchants' clerks	... 2	Total	... 135
Contractors	... 11		

These 135 members have been drawn from the following villages:—

Arsikere town	... 104	Kolagunda	... 1
Kanakatte	... 5	Gandasi	... 1
Aggunda	... 4	Harnahalli	... 1
Banavar	... 4	Kempasagara	... 1
Belagumba	... 3	Hullikere	... 1
Halkoor	... 2	Sannenahalli	... 1
Javagal	... 2	Hassan	... 1
Bisalihalli	... 2		
Bandihalli	... 1	Total	... 135
Balenahalli	... 1		

The taluk is made up of five hoblis, *viz.*, Kasaba, Gandsi, Javagal, Kanakatte and Banavar and the Shekdars of all the hoblis, except the last, have joined the society.

There are two lady members one of whom has endowed her four shares to the Tirupati temple. Similarly, the Channarayapatna Sub-Division Officer Mr. S. N. Appanna Ayangar has promised to endow his five shares to the same temple. The admission of this latter gentlemen to the society is questionable, as he does not live within its jurisdiction, but an exception may be made in his case seeing that he takes a good deal of interest in the affairs of the society.

Registrar's remark.
Get the bye-laws altered and take the special permission of the Registrar.

One regrettable thing about the membership is that the Society has not drawn a good number of agriculturists and it is hoped that the official population who form the bulk of the members will impress the usefulness of the institution upon the raiyats and persuade them to come forward in appreciable numbers.

All the members have paid the admission fee and the rules regarding the admission of new members have been duly observed.

Share Register.—The nominal capital of the Society is made up of 1,000 shares of Rs. 10 each payable in monthly instalments of eight annas. The instalments have to be paid before the 20th of every month and a penalty of six pies per rupee or fraction thereof per mensem is levied in cases of default.

All the thousand shares have been allotted, out of which 322 have been fully paid up and the remaining ones are in the course of completion. Persistent default for a period of three months entails removal from membership. The following are some of the members who have defaulted in paying their share instalments for the months of May and June 1912.

Registrar's remark.

Good.

Steps should be taken to recover their dues, and if they are not recovered they should be dealt with under the bye-laws.

The maximum number of shares that a member can take is fixed at 100 and this limit has not been exceeded in any case.

One Mr. Honnuvalli Ramaswamaiya, an influential pleader and landholder, who resides both in Arsikere and Tiptur towns, has subscribed for 50 shares, the highest number on record.

The small sum of Rs. 39-14-6 recovered as penal interest on share instalments is an indication that the generality of members have been regular in paying up their share instalments.

The share register is properly maintained.

Cash Book.—The cash book is properly written up from day to day, as transactions take place. Against each entry, references to the respective ledgers are noted together with the 'receipt or voucher' number, as the case may be. The accounts of the Society from the date of its commencement to the 30th June 1912 were audited. All share payments noted in the cash book were checked with the entries made in the share ledger and the duplicate receipts granted to members and all issues and repayments of loan with the entries made in the loan register and the vouchers taken from the parties concerned. All receipts and vouchers have been filed in serial order. The disbursements on account of share capital withdrawn have been checked with a separate register kept for the purpose. In the share register, there is no column for the refund of the shares. A column may be opened for entering the return of shares and the closing of the personal ledgers will not be complete without such a column.

Yes.

Totals are properly struck in the cash register and the balances carried forward from day to day.

Members, Loan Accounts.—The working capital of the Society is utilized for advancing loans to members for productive purposes as far as practicable.

Tho following kinds of loans are being issued:—

(1) Small loans up to Rs. 5 per share. The maximum amount issuable under this head is Rs. 25 and the maximum period for which this loan is granted is 4 weeks. Interest is charged at 1 pie per rupee per week which works at 2-1-4 per cent per month. Considering that this was a usurious rate, the rate has, with effect from the 1st July 1912 been, with the approval of the Registrar altered to 3 pies per week for every five rupees. These loans find the greatest favour with the members as they are issued for small periods on the personal character of the borrower without any collateral security. The total amount issued under this head is Rs. 2,050.

(2) Simple loans up to 90 per cent of the paid up share capital of the member. The interest charged is 14 annas per cent per month. A sum of Rs. 1,349-8-0 has been advanced under this head.

(3) On the security of immovable property, not exceeding 60 per cent of the estimated value of the property, interest being charged at 12 per cent per annum. Only two loans have been issued under this head. One of them has been repaid and the other is a case of Rs. 300 on the mortgage of a house valued at Rs. 1,000 for the repayment of which there is yet time.

(4) On the security of jewels, not exceeding 70 per cent of the estimated value thereof interest is charged at 14 annas per cent per month.

Should be discouraged.

Three such loans have been advanced as detailed in the margin. Out of which No. 2 has been repaid. No. 1 was issued on the 15th January 1912 for a period of 3 months and is overdue. No. 3 was taken on 22nd March 1912 for two months. A renewal has been obtained after repaying Rs. 50 towards principal. Steps for the recovery of loan No. 1 seem necessary.

1. Rs. 25 on the security of a silver plate valued at Rs. 35.
2. Rs. 25 on the security of silver and gold ornaments valued at Rs. 150.
3. Rs. 150 on the security of gold asali valued at Rs. 250.

Yes.

This kind of loan is of late being discouraged.

(5) On the personal security of one or two members, not exceeding the nominal value of the shares subscribed for by the borrower. Interest is charged at 12 per cent per annum. A sum of Rs. 900 has been advanced under this head. A register of sureties is maintained in which the particulars of members who have stood as sureties for borrowing members are entered. This register is scrutinized by the Secretary from time to time lest any case of irregularity should escape his notice.

In addition to these kinds of loans an instalment system has been instituted with effect from the 16th April 1912. There are two kinds of instalment loans, one running for five months and the other for ten months. Respectability of the borrower forms a great factor in the case of these loans, but a surety is also invariably taken.

The maximum period for which a loan is issued is one year and the maximum amount is Rs. 500 and in no case have the rules been infringed in this respect.

Renewals are granted in the case of all loans except the instalment loan. After one year no renewal is allowed and the loan becomes fully payable.

The Secretary is empowered to grant loans on his own responsibility up to Rs. 25, but his actions are subsequently ratified in the Committee meetings. If the loan applied for exceeds this limit, the papers are disposed of by circulation among the Committee members. In all cases applications have been taken and properly filed in the Society's Office.

There are two registers maintained for entering the transactions of each member. One of them refers to instalment loans and the other contains entries of all other kinds of loans. Each member's accounts were checked and the loans were found to have been renewed or paid in full on the due dates. The Secretary maintains a register wherein he notes from time the overdue loans and scrutinizes it properly, lest any case of default should escape his notice.

Registrar's Remark.
This is important.

Register of Bonds.—All the loans have been properly secured, and in all cases members are made to execute bonds before the monies are disbursed. The documents were examined and found arranged in serial order. The documents which require to be registered by the Registration Regulation, have been registered.

Deposits.—Though the subsidiary laws of the Society provide for deposits being taken from members, no deposits had been received, the reason alleged for this was that the share capital collected was adequate to meet all the demands of the members for loans. No deposit ledger has therefore been opened. It is however very desirable to encourage this branch of banking.

The Society should encourage deposit accounts as far as possible, and its advantages should be explained to the members and others and a steady effort made to build up a good deposit business.

Savings Bank Account.—An account has been opened with the Government Savings Bank in which the excess amounts of the Society are being deposited from time to time. The pass book was examined and the deposits and withdrawals found properly accounted for in the cash book.

Minute Book.—This contains the reports of the proceedings of general and committee meetings. One general meeting and seven committee meetings have been held as detailed on the margin during the period covered by this report. Committee meetings were not held in November and December 1911, and the reason alleged for this is the prevalence of plague.

General meeting, 3rd August 1911.
Committee meetings :—
8th August 1911.
31st October 1911.
7th January 1911.
11th February 1911.
10th March 1912.
14th April 1912.
10th June 1912.

The average attendance at each committee meeting is seen to be 8. But considering that there are 15 members on the Committee, better attendance is desirable.

Yes.

Details of fresh men admitted and members expelled and loans issued are not being entered in the proceedings of the committee meetings. Even though these details are forthcoming from the other records of the Society, it is better that they are consolidated in one place. It is hoped that this omission will be supplied in future.

Yes.

General remarks.—The book balance on the day of audit was calculated and verified with the actual cash on hand with the Secretary.

The usual statements forming the balance sheet are hereto appended.

The Society has run its first year of existence and the transactions have resulted in a profit of Rs. 39-10-10. The smallness of the amount is due to the rather heavy expenditure

the Society has incurred on account of printing the various forms and registers. Though it is a gratifying future that the Society has got all the required forms printed, yet the expenditure on this account has been rather heavy. The profits do not include Rs. 47-1-2 which is the penalty received on share instalments and over due loans and which go the reserve as per bye-laws Nos. 9 and 19. ¼ of net profits, *viz.*, Rs. 9-14-8 should also be credited to the reserve which should be deposited in the Savings Bank with the approval of the Registrar. The total reserve will therefore be Rs. 56-15-10 as detailed in the margin. Deducting the amount that goes to the reserve we have a sum of Rs. 29-12-2 left at the disposal of the Society. If a portion of the expenditure, *viz.*, Rs. 80 on account of the printing of forms be debited to the entrance and share fees received from the members, the amount available for the distribution among the members will be Rs. 109-12-2, which will give a 5 per cent dividend to the members on the average paid up share capital. But the Society has worked for nine months only and so the members will do well to work the institution for another year more and then declare the dividend.

The Society's office is located in a building the monthly rental of which is Rs. 2. It is situated in a conspicuous place in the main bazaar road of the town where people generally congregate for business.

Registrars Remarks.

Yes.

The office contains no board and early steps have to be taken to put up one in a front of the office.

The Secretary has been kind enough to place at the disposal of the Society 3 almirahs, 2 tables, 1 bench and 2 small benches which are his property and it is gratifying to note that the Society's funds are not invested on this kind of dead stock, especially in its initial stage of existence. It is very pleasing to observe that the President has promised an iron safe to be given free to the Society.

Good.

The accounts of the Society are maintained by a clerk who is paid Rs. 5 a month. He is an intelligent Taluk official who attends to the Society's work out of office hours. There is a peon employed on Rs. 6. The Secretary draws from the funds of the Society small sums of money from time to time to meet contingent charges and the expenditure he incurs under this head is accounted for in a separate book maintained by him. The items of expenditure under this head were examined and appear to have been necessary.

In conclusion, it is to be noted that the success of the Society is mainly due to the indefatigable exertions of the Secretary who is ably assisted in his work by the directors. He is the main stay of the institution and on him alone depends its future progress. It is hoped that he will continue to work the Society in the same self sacrificing manner as heretofore. There is no doubt that this Society if continued to be worked in the same manner on its present lines for some time more, will become a model institution and serve as an example for the neighbourhood.
